On the 7th inst. an influential meeting was held in Bath, under the presidency of Mr. James Glaisher, F.R.S., to consider the desirability of establishing a Photographic Society in that city. Mr. Phillip Braham, F.C.S., introduced the subject, and Mr. Glaisher addressed the meeting in support of the movement. After much discussion it was

determined to form a Society, with the title the Bath Photographic Society. The subscription was fixed at half a guinea. Messrs. Austin King, Phillip Braham, and W. Middleton Ashman were unanimously elected a Committee to prepare rules, etc. Mr. W. M. Ashman, 4, Albion Terrace, Bath, will, we are sure, be pleased to give every information to intending members.
